

SIOUX FALLS
DEVELOPMENT FOUNDATION

Talent Recruitment Coordinator

Sioux Falls Development Foundation

Do you want to work with businesses, universities and tech schools in the region to recruit new talent to Sioux Falls?

The Sioux Falls Development Foundation is searching for a motivated and outgoing individual to work directly with universities, tech schools and community colleges to recruit new graduates and alumni to fill important jobs in the Sioux Falls region.

This person will coordinate on-campus and community events working with career counselors, placement offices, department heads, faculty and alumni associations to match students and alumni with potential job opportunities at businesses in the Sioux Falls region.

Time will be spent on campuses at events designed to connect students and alumni with employers seeking interns, apprenticeships and permanent jobs after graduation. Additional time will be spent with employers learning their HR needs and connecting them with potential candidates for those open positions.

Candidates must have excellent planning, coordination abilities and communication skills and be comfortable communicating with students, faculty, department heads and staff at these campuses as well as human resources personnel at various businesses in and around Sioux Falls.

This is an excellent position for a recent graduate with a progressive organization making a difference in Sioux Falls. Working in a top-notch business setting, the candidate will work under the direction of the Vice President of Talent and Workforce Development to coordinate the overall talent and workforce strategy of the region.

We'd love to have you as a valued part of our team. Please send your letter of interest and qualifications to:

Denise Guzzetta
Vice President for Talent and Workforce
Sioux Falls Development Foundation
